

Appendix B - MPL Penalty Index

1. General Rule

1.1 MPL Operating Committee will issue the following 5 type penalties if there is any violation of any term from official rules or other documents from the Operating Committee.

- Verbal or Written Warning(s)
- Loss of Side Selection for Current or Future Game(s)
- Fine(s)
- Loss of Game
- Suspension(s)

1.2 The Maximum Penalty means the MPL Operating Committee can punish the team up to that penalty. The MPL Operating Committee reserves the right to modify the maximum and minimum penalties at any time. The following are two examples where the MPL Operating Committee will give harsher or lighter penalties:

1.2.1 Serious offenses: continued offenses after a warning have been given by the Operating Committee, misleading or deceiving the Operating Committee, etc., will result in a harsher penalty given.

1.2.2 Light offenses: actively cooperating with the Operating Committee after committing an offense, unintentional or negligent offenses, etc., will result in a lighter penalty given.

1.3 A Match Suspension refers to one BO3 or BO5 of MPL-SG. The suspension shall apply to professional and semi-professional tournaments held by Moonton in all regions of the world. If a player gets a Match Suspension punishment at the end of the MPL Season and the player cannot finish the suspension during this Season, then the rest of the match suspension will move to next Season.

1.4 A Season Suspension refers to the MPL Season. There are two Seasons for MPL each year: 1st Jan to 30th June, and 1st July to 31st Dec. If the player gets a One Season Suspension during the middle of one MPL Season, it means this player will be suspended for this season and the next season. The player must complete the whole Season Suspension before the player can join any professional or semi-professional tournaments held by Moonton in all regions.

1.5 The fine will be done by the MPL Operating Committee by deducting the team's prize or weekly subsidy. If the fine is more than that team's prize and weekly subsidy, then the fine will be done by deducting the team's subsidy from other weeks. Meanwhile, the MPL Operating Committee will allow the teams to fine the violator from their own team by deducting the violator's salary, but this deduction cannot be more than 50% of the team's fine.

1.6 Unless otherwise specified, the loss of side selection rights refers to loss of side selection rights by the Team in the next Game. In the event that such penalties are imposed in the last Game between the Teams, the penalties will be carried out in the next Game of the penalized Team.

1.7 Moonton officially retains the right of final interpretation of these Rules and is entitled to impose penalties not listed below.

2. Penalty Index

The offense's penalty will be divided into 3 types. One is according to the number of times the player/team makes the same offense in 1 year (1st Jan to 31st Dec), which is listed in the Penalty Index A. The second is according to the severity of the offense, which is listed in the Penalty Index B. The final is regarding rules to prevent the spread of COVID-19 in 2021, which is listed in the Penalty Index C.

Penalty Index A:
